Subject: Sports Programming

Programming:

I have enjoyed your "live" coverage of Canadian Professional Football and College Basketball (ESPN+). I am not a great fan of 24 hour delayed sports coverage, but I do occasionally watch a Grizzlies baseball game or a Falcon Hockey game. They, as well as local high school/community college football/basketball should be carried "live".

The purpose, however, of my communication is the absence of any national interest sports coverage on your stations (channels 32-33-43) which I receive fairly well "over-the-air" (I don't have cable - I have "Dish" without the locals). I would like to see you add on these 3 independents the 15 Giants' baseball games not picked up for the 2006 season by KFRE from KTVU and the Giants' TV Network, including 4 with the Dodgers, and 3 with the Padres. There are also 44 Oakland A's telecasts available from KICU (channel 36, San Jose; COX TV) and the Athletics' TV Network (including affiliates in Sacramento/Reno). Following baseball season, the Sacramento Kings (NBA) have about 20 games available "over the air" from TV News 10 in Sacramento. From Southern California, KCAL televises 40+ Dodger baseball games and all of the Laker (NBA) road games for over the air release. These sports events would be well accepted by Fresno Area sports fans. All of these teams have full radio coverage in the Fresno market; the Giants/Lakers on KFIG/ESPN Radio; The Dodgers and Sacramento Kings on KCBL; and the Oakland A's on KYOS. I would really appreciate consideration of these suggestions and a response to this email message.

Thanks!

America's Collectibles Network / Jewelry Television will be shown on KGMC Channel 43 Monday through Friday from 10am - 7pm and on Saturday and Sunday from 1pm - 7pm. We have no plans at this time to show Jewelry Television 24 hours a day on Channel 43, however it can also be seen on KJKZ Channel 27 in Coalinga and, starting this Friday, we expect to be showing it on KSDI Channel 33 in Fresno.

Thank you for your interest in Channel 43.

I was wondering, with so many channels that Cocola owns, why don't you put on some shows that will target the Asian community. Here in the valley, there are a lot of Asians but there is no type of programs that they can watch or enjoy on TV. I feel that if you do add Asian programs to your channels, you'll be the first to capture the Asian market in the valley. They'll also be opportunity open for Asian businesses who want to advertise their product.

Thank you for contacting Cocola Broadcasting Companies.

Because we have a number of different stations I am not certain which one you were watching. If it was KJEO Ch 32 in Fresno, that would have been the America One network's morning movie. According to their schedule it should have been "The Wastrel" (1963) with Van Heflin and Ellie Lambett.

If that does not sound like the movie you were watching, please let me know what station it was on and I will try to get the information for you.

Hello, this is a strange request but could you possibly tell me the Movie your station played at 2 or 3 Am Thurs morning Oct. 19th. I have no idea the actors or name but would like to rent or buy the movie. It was a classic about a father and boy on boat that blew up and were left to find way to shore on a piece of their boat - couldn't stay up to watch the end - but it was so good and if you have some time would really appreciate your telling me the movie and actor. Many thanks, Carol (Fresno)
